Global Advanced Visualization Market Will Grow at a CAGR of 11.0% - Exclusive Report by MarketsandMarkets™

Posted on Thursday, March 28, 2019

The Global Advanced Visualization Market is expected to reach the US $3.19 billion, growing at a CAGR of 11.0%

Northbrook, IL -- (SBWire) -- 03/28/2019 -- According to a new market research report "Advanced Visualization Market by Products (Hardware, Software), Services, Solution (Standalone, Enterprise), Imaging Modality (MRI, CT, PET, Ultrasound, Radiotherapy), Clinical Application (Radiology, Orthopedics, Cardiac, Neurology) - Forecasts to 2021" published by MarketsandMarkets

The report analyzes and studies the major market drivers, restraints, opportunities, and challenges in North America, Europe, Asia, and the Rest of the World (RoW). On the basis of products and services, the Advanced Visualization Market is classified into hardware & software and services.

Download PDF Brochure: http://www.marketsandmarkets.com/pdfdownload.asp?id=111936030

The hardware and software segment is estimated to account for the largest share of the market owing to factors such as the development of technologically advanced software, rising adoption of AV solutions in hospitals and imaging centers, and rising focus of healthcare organizations to streamline and increase workflow efficiency.

On the basis of type of solution, the market is segmented into enterprise-wide thin client-based solutions and stand-alone workstation-based solutions. In 2016, the enterprise-wide thin client-based solutions is expected to account for the largest share of the market due to offered benefits such as enhanced data storage capacity, data transfer capabilities, multi-user interface, streamlined analysis, and centralized post-processing solutions.

On the basis of clinical application, the market is segmented into radiology/interventional radiology, cardiology, orthopedics, oncology, vascular, neurology, and other clinical areas (obstetrics/gynaecology, urology, pulmonary, and gastroenterology).

On the basis of region, the Advanced Visualization Market is segmented into North America, Europe, Asia, and the Rest of the World (RoW). In 2016, North America is expected to account for the largest share of the market. Dominant position of North America in advanced visualization industry is attributed to the faster adoption of novel diagnostic imaging technologies (as compared to other regions), advancements in the field of advanced visualization technologies, large number of disease diagnostic procedures, and higher preference for advanced visualization solutions for diagnostic imaging.
As of 2015, the global Advanced Visualization Market was dominated by General Electric Company (U.S.), Siemens AG (Germany), Koninklijke Philips N.V. (Netherlands), Toshiba Corporation (Japan), Terarecon, Inc. (U.S.), Fujifilm Holdings Corporation (Japan), Pro Medicus Limited (Australia), Carestream Health, Inc. (U.S.), Agfa-Geveart N.V. (Belgium), and Qi Imaging, LLC (U.S.), among others.
