Calcium Chloride (CaCl2) Market Regional Analysis by Product, by Type and by End User Till Period, 2019-2025

Posted on Thursday, May 23, 2019

Calcium Chloride (CaCl2) Market report contains a complete product overview and its scope in the market to define the key terms and provide the clients a holistic idea of the market and its tendency.

Los Angeles, CA -- (SBWire) -- 05/23/2019 --This study focuses on the production side and consumption side of Calcium Chloride (CaCl2), presents the global Calcium Chloride (CaCl2) market size by manufacturers, regions, type and application, history breakdown data from 2013 to 2018, and forecast to 2025. In terms of production side, this report researches the Calcium Chloride (CaCl2) capacity, production, value, ex-factory price, growth rate, market share for major manufacturers, regions (or countries) and product type. In terms of consumption side, this report focuses on the consumption of Calcium Chloride (CaCl2) by regions and application. The key regions like North America, Europe, Asia-Pacific, Central & South America, Middle East and Africa etc.

Calcium chloride (CaCl2) is a salt, appearing as a white crystal. It is commercially available as anhydrous and dihydrate flakes, pellets and powder, or as a 30–45% solution. Calcium chloride is produced by refining naturally occurring brine, by neutralizing hydrochloric acid with limestone, or as a by-product from the Solvay process of synthetic sodium carbonate (soda ash) production. The major applications for calcium chloride include road deicing, dust control, and oil extraction and completion fluids.

In the coming years there is an increasing demand for Calcium Chloride worldwide. Increasing of downstream industry fields expenditures, more-intense competition, launches in introducing new products, increasing of spending on general industry, retrofitting and renovation of old technology, increasing adoption of Calcium Chloride will drive growth in global markets. Globally, the production of Calcium Chloride is not concentrated, as the development and manufacturing technology is not high. Currently, Asia Pacific is the largest production region of Calcium Chloride, mainly benefited by the low labor and raw material cost.

The consumption volume of Calcium Chloride is related to downstream industries and global economy. As there will be many potential market for Calcium Chloride, the prospect of Calcium Chloride is still be full of hope. The product average price declined in the past few years due to the technology development, the average price will keep the trend in the few future years due to increasing mature manufacturing technology and lowing cost of raw materials.

Although the market competition of Calcium Chloride is fierce globally, there are many enterprises can obtain considerable profit form the manufacturing and marketing of Calcium Chloride and that is the reason that we believe there will also be enterprises enter this market. But it is suggested that enterprises those have plans to enter this industry have careful analysis of this market and the advantages or disadvantages of themselves. The
Calcium Chloride (CaCl2) market was valued at 1130 Million US$ in 2017 and is projected to reach 1550 Million US$ by 2025, at a CAGR of 4.0% during the forecast period. In this study, 2017 has been considered as the base year and 2018 to 2025 as the forecast period to estimate the market size for Calcium Chloride (CaCl2).

This report includes the following manufacturers; we can also add the other companies as you want.

OxyChem
Tetra Technologies
Solvay
Ward Chemical
Tangshan Sanyou
Huanghua
Tiger Calcium
Shandong Haihua
Zirax Limited
NAMA Chemicals
Koruma Klor Alkali
JAFCCO
Weifang Haibin Chemical
CCPC
Nedmag

Market Segment by Product Type
Calcium Chloride Dihydrate
Calcium Chloride Anhydrous

Market Segment by Application
De-icing & Dust Control
Oil & Gas

Industrial Processing

Benefits of Purchasing QY Research Report
Analyst Support: Get your query resolved from our expert analysts before and after purchasing the report
Customer's Satisfaction: Our expert team will assist with all your research needs and customize the report
Inimitable Expertise: Analysts will provide deep insights about the reports
Assured Quality: We focus on the quality and accuracy of the report

About QYResearch
QYResearch always pursues high product quality with the belief that quality is the soul of business. Through years of effort and supports from a huge number of customer supports, QYResearch consulting group has accumulated creative design methods on many high-quality markets investigation and research team with rich experience. Today, QYResearch has become the brand of quality assurance in consulting industry.
