Market Industry Reports (MIR) has published a new report titled "Autoinjectors Market - Global Industry Analysis, Analysis, Size, Share, Growth, Trends, and Forecast, 2019–2030." According to the report, the global autoinjectors market is anticipated to witness a healthy CAGR from 2019 to 2030.

There is a general preference as well as a need for cost-effective, easy to handle options that can be used by patients, caregivers, and even untrained personnel to perform basic functions such as delivering the prescribed drug to the patient. These cost-effective medical devices help in delivering a certain dosage of a given drug and are known as Autoinjectors. Autoinjectors have varied applications such as for multiple sclerosis, diabetes, anaphylaxis rheumatoid arthritis, and other therapies. These devices are more accurate, are known to display better efficacy, lower the chances of needle-stick injuries, are consistent in terms of dosage, simplicity and are also simple and safe.

The market intelligence report offers a clear sense of different consumer groups and their needs to help product owners meet the requirements and generate riches and profitability. Apart from this, the report aims at outlining whom the business owners operating in the Autoinjectors market should not target and also what are the main alternatives and competitive offerings are. Defining the major challenges and problems remains the key focus of the study. Problem definition covered in the report provides a systematic approach to recent investments and makes product marketing both easier and effective.

Rapid Growth of the Asia Pacific Market
Asia Pacific is estimated to witness the highest CAGR during the forecast period. Increasing population, continuously growing economy, increasing incidences of anaphylaxis and availability of generic versions of Autoinjectors is anticipated to present a worthwhile growth scenario for the Autoinjectors market in this region. Furthermore, increasing awareness, rising disposable incomes, coupled with supportive government healthcare regulations and norms is expected to present an attractive growth prospect for the market in the coming years.
Major Players in the Autoinjectors Market
The prominent players in the global Autoinjectors market are Abbvie, Mylan, ELI Lilly, Ypsomed, Amgen, Becton Dickinson and Company, Owen Mumford, Consort Medical, Haselmeier and Shl Group among others.
